### PORTRAITS

I have produced a ton of portraits over the years. The pictures on the following pages are just to show off, I am not looking to do another one ever. (Unless I encounter one I really want to do.)

Last year a friend gave me a big mirror. I felt obligated by its presence to paint me. Traditionally an artist appears very serious in a self portrait, perhaps a little troubled, sensitive certainly, intelligent of course. Looking at myself in the mirror I tried to appear like those things and I totally cracked up.
